Contents

Chapter 1

A beginner of Latex

1.1 this is the first section of chapter 1

1.1.1 this is the subsection 1.1.1 of this document

this is a subsubsection example

this is an example of paragraph

this is another example of paragraph, but not to be shown in the table of contents

 this is an example of subparagraph

Chapter 2

It is not that difficult actually

Hello world!

Well, we will begin with some string input: for example,

% # ^ { } \

and finish here

computer-aided

1840–2010

to be—or not to be

1 - 1 = 0

1 – 1 = 0

test of fonts:

rome

sans serif

typewrite

SMALL CAPS

blod face

medium weight

italic

slanted

And end of the font part

This is a part of fonts

tiny

scriptsize

footnotesize

small

normalsize

large

Large

LARGE

huge

Huge

Sometimes i want to have a newline. Like this:
Sometimes i want to have a page. Like this:

So we are starting from a total new page!

All kinds of emphasis: *emphasis*

underline

wave-line

~~strike-out~~
